Funding Resources Face-to-Face is a two day conference hosted annually in Detroit, Michigan. The first day of the conference is dedicated to best practices in grant writing and program design. Experienced nonprofit leaders, academics, and consultants are featured presenters during day one. The second day of the conference connects participants with grant makers through roundtable dialogue and group discussions. Private and corporate foundation leaders and government grant makers from the local and federal levels are featured presenters during day two. Participants, whether novice or veteran community leaders, learn ways to enhance their fund development techniques and grow relationships with funders.
